We Give You Options!

Rent or Own any model

Save \$\$\$ Either Way!

StenoTech has talked to thousands of court reporting students throughout the years and as a result we have two great programs established just for students.

Our student purchase program that allows you to purchase any student writer and then have the option to trade it in toward an upgraded model within 3 years and get your full purchase price minus a small restocking fee. This is the unique StenoTech guarantee which we put in writing for you.

Our student rent-to-own program allows you to get the writer you want without having to purchase. You can rent a writer until you feel comfortable with your progress in school or until you have the funds to purchase.

Are you confused about your steno equipment options? No problem, just give the experts at StenoTech a call. We would be happy to recommend a machine that is right for you and your budget.
